

**GLENN COUNTY  
PLANNING & PUBLIC WORKS AGENCY**

Willows, California 95988

---

**REQUEST FOR QUOTES**

**MATERIAL TESTING SERVICES FOR  
GLENN COUNTY TRANSPORTATION COMMISSION BUS MAINTENANCE BARN**

**TO ALL VENDORS AND PLAN HOLDERS**

The Glenn County Transportation Commission is now accepting quotes for material testing services for the Bus Maintenance Barn Project within the Glenn County Public Works Corporate Yard, located at 777 N. Colusa St., Willows, CA 95988.

Material testing and sampling frequency will be as directed by the Glenn County Planning and Public Works Engineer or his designee and have a not to exceed amount of ten thousand dollars (\$10,000.00).

Any questions regarding this request for quotes must be in writing, and directed to the Glenn County Planning & Public Works Agency no later than five (5) days prior to the due date. Inquiries received after 1:30 PM on December 22, 2017, will not be considered. Emailed questions will be accepted at [engineer@countyofglenn.net](mailto:engineer@countyofglenn.net).

**SUBMITTAL REQUIREMENTS:**

Service providers must submit a staff wage rate sheet and a material test rate sheet including but not limited to the following standard test methods:

**Aggregate (Pipe, Trench and Construction Backfill Materials)**

-ASTM D1557    -ASTM D6983    -ASTM D4318    -ASTM D422

**Concrete**

-ASTM C31            -ASTM C39            -ASTM C143

**Bolts**

-ASTM F606

A cost estimate shall be included along with the rate sheets. The cost estimate shall include: the quantity of staff hours required to obtain at minimum three (3) aggregate samples, one (1) concrete sample, and one (1) bolt sample; performance of a set of described tests for each sample; and travel time.
